WHY? Everything we do in Scouts is because *WE BELIEVE* in helping youth learn to become good citizens, better people and better leaders. As Baden-Powell said, all Scouters should set the example and be trained.

“Success in training the boy depends on the Scoutmaster’s own personal example.”
Lord Robert Baden-Powell

HOW? The first portion of the Wood Badge course uses a classroom approach with practical exercises to teach the essentials of leadership and how to best use a model Scout unit program. You will learn what makes leadership work for you in Scouting and in your personal life.

The second half of the course offers an outdoor experience with classroom modules to help you learn the application of the leadership skills unique to BSA units. There will also be a group meeting or two that you will need to attend in between weekends. Your group will set that schedule. You will also write and complete a “Ticket”. Successful completion of the course will be your attendance at both weekends, in their entirety, as well as the completion of the Ticket process.

Our staff is committed to guide you and help you succeed! We will provide you the necessary support and encouragement to complete the instructional course as well as your Ticket. Upon completion of your Ticket, you will receive the Wood Badge Recognition, including the neckerchief, woggle, Wood Badge beads and Certificate of completion.

What do you need to succeed? An up to date BSA physical, personal camping equipment, a desire to learn, an *ability to have fun*, a commitment to apply what you learn and your registration.
